SIFCO ASC Cleveland Successfully Completes NADCAP Audit

SIFCO Applied Surface Concepts, Cleveland Ohio recently completed its 5th consecutive Nadcap aerospace chemical processing audit. This audit recognizes conformity for chemical processing. Lillian Smereczynsky, Quality Manager, said, "Coming through with zero findings is an outstanding achievement and speaks to SIFCO's exceptional quality and attention to detail."

Nadcap (formerly NADCAP, the National Aerospace and Defense Contractors Accreditation Program) is a global cooperative standards-setting program for aerospace engineering, defense and related industries. According to the Performance Review Institute, Nadcap is "the leading worldwide cooperative program of major companies designed to manage a cost-effective consensus approach to special processes and products and provide continuous improvement within the aerospace and automotive industries."
